## WILEY FORCES GAIN VICTORY

Elect Their Entire Ticket at the  
Duluth Convention.

SWITCH BY MINNESOTA MEN

Association of National and State Dairy and Food Departments Ends Its Sessions—Adopts Number of Resolutions Urging New Legislation. Next Convention Will Take Place in Seattle.

Duluth, Aug. 25.—The fight between the two factions at the convention of the Association of National and State Dairy and Food Departments, one composed chiefly of the chemist executives and assistant chemists, supporting Dr. Wiley, and the other, composed largely of the executives more prominent in politics, backing Secretary Wilson, was brought to a head at the closing session of the four-day convention, when the election of officers showed practically a clean sweep for the Wiley forces.

Complete tickets were put up by each faction, Dr. W. P. Cutler of Missouri leading the Wilson party and Lucius P. Brown of Tennessee being the standard bearer for the Wileyites. The vote on the presidency, which gave Brown 52½ votes to Cutler's 49½, shows how closely the fight was contested.

Minnesota Delegates Switch.  
A canvass of the convention showed a majority for Cutler, but an unexpected switch by the Minnesota delegation, headed by Joel G. Winkler, to the Brown forces, together with the arrival of Commissioner Strode of Ohio, just in time for the voting, swung the tide for the Wiley candidate. The votes on the other officers were also closely contested.

H. E. Barnard of Indiana was chosen first vice president; C. H. Billingsby of Alabama second vice president; Joel G. Winkler of Minnesota third vice president; William Allen of North Carolina secretary; James Foust, Pennsylvania, treasurer, and Dr. S. J. Crumrine, Kansas, Dr. C. D. Wood, Maine, and Professor Edwin De Barr, Oklahoma, were chosen as members of the executive committee. Of these Billingsby, Foust and De Barr are from the Wilson camp.

Seattle was chosen for the 1912 meeting place, with Clear Point, O., a close second.

Contest Lacks Bitterness.  
While the convention was affected throughout by the fight which is now on in the department of agriculture it was not marked by the bitterness which marred the gathering at Denver two years ago and most of the delegates left in good humor. The Wileyites take defeat gamely, in spite of the fact that they thought they had victory in their grasp.

The department of agriculture was represented at the convention only by B. H. Rawl, chief of the dairy division.

As a result of the papers and discussions during the four days' session the convention adopted formal resolutions advocating uniformity in the food laws along the lines of the national act; more effective co-operation between the various state and national departments; more stringent laws regulating oleomargarine; net weight labels on all goods; a revision of the "misbranding" provision of the national food law; more liberal appropriations for dairy work; more stringent regulations of the condensed milk industry and the appointment of a committee to draw up a workable cold storage law to be submitted to the Seattle convention.

## TAFT ON THE GOLF LINKS

President May Take Cruise Up the  
Maine Coast.

Beverly, Mass., Aug. 25.—President Taft began his first vacation of any length since he went to Augusta, Ga., last spring. He was out on the Myopia links with Major Butt. Golfing and motoring will be his daily program for two weeks unless it is decided to take a ten-day cruise up the Maine coast on the presidential yacht Mayflower. Such a cruise is under consideration.

Secretary Hilles opened up the executive office and in the mail from Washington was another score of requests for a few hours of the president's time on his Western trip. More than 800 such requests have reached the White House, but comparatively few can be granted.

## Gates Left Nearly \$400,000,000

New York, Aug. 25.—John W. Gates left an estate valued at \$39,000,000 to \$40,000,000, according to former Justice Henry A. Gildersleeve, who drew Mr. Gates' will. The bulk of the estate is left to his widow and his son, Charles G. Gates, equally, according to Mr. Gildersleeve. The beneficiaries under the will also include relatives, friends and former employees, the total amount of which legacies will aggregate about \$1,000,000.

## Portuguese Elect Arriga.

Lisbon, Portugal, Aug. 25.—The constituent assembly elected Senhor Arriga president of the republic by 121 votes.

## WILL CONTINUE THEIR INQUIRY

Insurance Men Decide to Keep  
Up Probe of Claim Shaving.

## ADOPT COMMITTEE'S REPORT

Favorable Action Taken on Resolution Demanding That Industrial, Health and Accident Departments of Certain Companies Correct Alleged Wrongs—Urge Remedial Legislation and Closer Supervision of Concerns Shown to Have Committed Irregularities.

Milwaukee, Aug. 25.—Further investigations of industrial health and accident insurance companies by a special committee of the executive committee of the National Insurance Commissioners' association is provided for by action taken in executive session of the commissioners' convention when the report which was presented was adopted.

A resolution was adopted demanding that industrial health and accident departments of certain companies which have been investigated by the special committee correct wrongs and that other requirements embodied in the report be lived up to.

The executive committee or a special committee is authorized, pending the next session of the convention, to continue investigations and make similar requirements where conditions warrant.

Remedial legislation and closer supervision of companies shown to have committed irregularities is advocated in another resolution.

H. G. B. Alexander, president of the Detroit conference, was requested to name a committee representative of companies doing an industrial, health and accident business to confer as to legislation with the special committee or the executive committee of the convention.

The report of the committee on unauthorized insurance, which advised the complete suppression of all such business, was adopted.

The committee on laws and legislation will, during the next year, prepare three bills.

The first will be a bill to prohibit fire insurance companies from issuing policies under any other name than their own, particularly through underwriters' agencies. The second will concern the dating of life insurance policies. The third will be a bill which will require the insertion in the loan and cash surrender clauses of life insurance policies of a so called safety clause that would provide for sixty or ninety days' grace in payment and thus prevent what are in effect runs on insurance companies in times of panic.

## CAUGHT IN AEROPLANE TRAP

Atwood May Be Delayed on Balance  
of Journey

Nyack, N. Y., Aug. 25.—Unless favorable winds come to his rescue Harry N. Atwood may not be able to complete his record breaking aeroplane flight from St. Louis to New York without dismantling his machine and carting it out of a veritable aeroplane trap into which he unwittingly plunged when making a landing here.

Atwood was obliged to descend when within twenty-five miles of his goal because of a defect his engine developed. To repair that he said was a matter of hours only.

In making a landing, however, Atwood dropped his machine in a spot so hemmed in by hills and trees that when he came to look the ground over he decided it would be practically impossible for him to take wing again without a south or southeast wind to help him.

## Police Stop Ring Contest.

Winnipeg, Aug. 25.—After ten rounds of the fastest milling that has been seen in Winnipeg for many a day the police stepped in and stopped the bout between Mike Gibbons of St. Paul and Hilliard Lang of Toronto in the tenth round, when the Canadian was bleeding badly from a cut under the eye, which he received in the second round.

## Trimble May Head G. A. R.

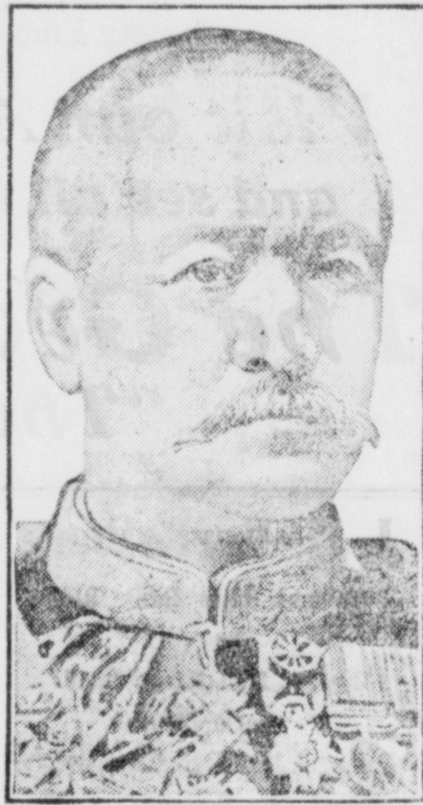

Rochester, N. Y., Aug. 25.—On the eve of the election in the national encampment of the Grand Army of the Republic it is practically assured that Judge Harvey M. Trimble of Illinois will be elected commander-in-chief. It is expected his opponent, General John McElroy, editor of the National Tribune, may withdraw before the vote is taken.

## Mine Fire Claims Six Lives.

Ely, Nev., Aug. 25.—Of ten men who were working at the 1,400-foot level of the new five-compartment shaft of the Groux Consolidated mines, which caught fire, six are dead and four lie at the point of death after passing through the flames to reach the surface.

## COUNT KATSURA.

Tenders His Resignation  
as Premier of Japan.

## JAPANESE PREMIER RESIGNS

Action Forecast Month Ago—Other  
Changes May Follow.

Tokio, Aug. 25.—Count Katsura tendered his resignation as premier. He recommends the appointment of Marquis Saionji for that post.

The cabinet of which Count Katsura is premier and minister of finance was formed July 14, 1908. The resignation of Count Katsura was forecast nearly a month ago and it was known that many changes in the cabinet had been under consideration.

## ATTORNEY DECLARES SPANKING IS LEGAL

Unexpected Turn in Red Wing  
School Inquiry.

St. Paul, Aug. 25.—With a jolt that almost took the participants off their feet proceedings in the hearing before the state board of control of charges filed against Superintendent Frank Whittier of the Red Wing training school by Ralph W. Wheelock, secretary to the governor, came to an abrupt, if only momentary, halt when C. Louis Weeks, assistant attorney general and counsel for the board, volunteered the information that corporal punishment at the training school is legal and that the board itself and the legislature and not Mr. Whittier are responsible for it.

So unexpected was this turn that Judge F. M. Wilson, Mr. Whittier's attorney, almost gasped in jumping to take advantage of this favorable, if unsolicited, point. Meantime E. P. Sanborn, counsel for Mr. Wheelock, looked aghast.

Governor A. O. Eberhart was on the witness stand nearly two hours. He was called at the instance of Frank M. Wilson, attorney for Mr. Whittier, and came without a subpoena, at the "request" of the board.

Mr. Wilson tried to wring all sorts of damaging admissions from the governor about the motives behind the complaint filed by his secretary, Ralph W. Wheelock. E. P. Sanborn, Mr. Wheelock's attorney, objected to nearly every question and his objections were uniformly sustained by C. Louis Weeks.

## BIG SHOP STRIKE IMPENDS

Conference at Chicago Fails to Settle  
Proposed Walkout.

Chicago, Aug. 25.—A conference between Vice President Julius Kruttschnitt of the Union and Southern Pacific railroads and J. W. Kline, international president of the Blacksmiths' union, was held here without any steps being taken toward a settlement of differences involving 25,000 shopmen employed by the Harriman lines.

It is said that the entire subject of the railroads' refusal to recognize the federated labor organizations instead of individual unions was considered at length.

## TRAGEDY FOLLOWS QUARREL

South Dakota Man Dead Because of  
Dispute Over Money.

Beresford, S. D., Aug. 25.—Following a misunderstanding between Ross Young and his brother Merritt, the latter having borrowed some money of the former, Merritt went to his brother's house on the farm four miles east of Beresford and, calling him from a tree at which he was picking apples, shot him in the stomach with a revolver.

Thinking he had mortally wounded him Merritt shot himself in the temple, dying instantly.

The wounded man lies in a critical condition, but the doctors entertain some hope that he will recover.

## Like the Original.

Lady (with awfully painted cheeks)—My portrait is very good, but don't you think that the cheeks—are a trifle pale?

Artist—Yes; they are not done yet. I leave that to the last.—Ellegende Blatter.

## DISAPPOINTED BY INVESTIGATIONS

Inquiries Have Not "Panned  
Out" as Expected.

"PAY DIRT" IN WILEY AFFAIR.

Congressman Fitzgerald's Objections to Committees on the Ground of Economy Finally Indorsed—Senator Penrose Tries to Find Out Who Cummins Meant by "Some of Us."

By ARTHUR W. DUNN.

Washington, Aug. 25.—[Special.]—That the different congressional investigations have not "panned out" as well as the Democrats believed they would when the session began has become evident. One prominent Democrat declared that only the Wiley investigation amounted to anything in the way of something new and interesting.

When a resolution was under consideration granting \$10,000 for clerical help to an investigating committee Chairman Fitzgerald of the appropriations committee remarked that "if it continues at that rate it will mean for all the committees that \$400,000 or \$500,000 will be used up in one session of congress and all our professions of economy will be but idle dreams by the time we complete our work."

While Fitzgerald was not generally supported in what he said on the floor, the comments afterward indicated that it was about time to call a halt upon investigations unless there was something tangible in sight.

## Enough Chemistry.

The day the senate voted down the proposition to add the chemical schedule to the cotton bill cutting the duty 25 per cent Dr. Wiley, chief of the bureau of chemistry, was giving rather startling testimony before the Moss committee. "It looks as if we had enough chemistry for the present," was the remark of one insurgent, "and we will not add to the woes of the administration any further along that line."

## "We, Us & Co."

Senator Penrose had introduced his adjournment resolution, and he was being questioned by Senator Cummins, who expressed the opinion that "so far as some of us are concerned we will not consent to an adjournment until bills before us are finally acted upon."

"Who are 'we'?" asked Penrose.

Cummins denied the "we" and said that he had said "some of us."

"Well," continued the Pennsylvania senator, "can 'some of us' hold up congress against a majority on a resolution for adjournment?"

"Some of us cannot," replied Cummins, "but such a resolution cannot be passed without our consent."

"Who are 'our'?" again asked Penrose.

With unflinching composure the Iowa senator replied, "Those of us who really want to revise some of the schedules of the tariff."

"That again," said Penrose, "revives the mysterious term which shocked my ear, the term 'our consent.' I should like to be enlightened as to what the comprehensive term embraces."

"I will leave it," responded Cummins, "to the fervid and fertile imagination of the senator to put just such meaning on the term as he thinks it ought to bear."

## A Nebraska Inquiry.

Congressman Burnett of Alabama, who is about the shortest man ever seen in congress, one whose size deceives the presiding officer as to whether he is standing up or sitting down, was making quite a severe criticism of the president, Norris of Nebraska interrupted and asked:

"I want to ask you the gentleman did not jump on some one near his size?"

## It would take about three of Burnett to make one of Taft.

## Bourne Certainly Progressive.

"That man Bourne is progressive all right," was the comment of a congressional observer when the Oregon senator introduced a bill which would greatly curtail the powers of the supreme court. It has been figured out that if the Bourne view had been in force from early times there would have been many changes in our form of government and of methods of conducting the government. And yet Bourne believes his new bill is all right. He welcomes the opposition which it has raised. "It will call attention to the measure," he said, which shows he has a fair idea of advertising.

## Youth Chides Age.

Senator Kenyon is one of the youngest members of the senate both in point of service and actual years. "I don't like this idea of attempted dominance," said the Iowa senator to a friend in the senate, "by men who ceased to think more than forty years ago."

If Kenyon would only make that kind of a remark some day when the senate is in session and make it pointed enough he could be sure of a real sensation. While the senate lasts there will be a decided inclination to give to age all the respect possible, and in the senate age will demand and compel homage—that is, unless the new idea should continue to grow.

## None Needed.

She—Mamma says I mustn't encourage you at all. He—That's all right I don't need any encouragement.

## NICHOLAS LONGWORTH.

Roosevelt's Son-in-Law Says  
Taft Controls Tariff Field.

## SAYS TAFT CONTROLS FIELD

Congressman Longworth Discusses  
Tariff Situation.

Washington, Aug. 25.—"The most reassuring thing about the whole tariff situation is that the president is master of the field and will continue the master for two years to come," said Representative Longworth of Ohio, a member of the ways and means committee of the house. "If he had made the situation to order it could not have worked out better to his liking. Congress passed the real property bill and failed in its attempt to saddle the country with a tariff revision that was immature and unwise. If the Democrats can squeeze any political saffron out of the result they are welcome to it, for there's mighty little in sight for them."

## DEFECTIVE TIMBER CAUSES ACCIDENT

Five Men Killed in Oregon When  
Bridge Collapses.

Roseburg, Ore., Aug. 25.—Five men were killed and five injured when a bridge over the Umpqua river, sixteen miles northeast of here, collapsed and fell into the river, sixty feet below. The dead are: William Bailey, Gary Brown, Peter McFarland, William Gardner and William Accetta.

Defective timber in the upper framework of the main span, on which the ten men were working, caused the accident.

## BURN ASSAILANT AT STAKE

Three Thousand Persons Witness Ex-  
ecution of Negro.

Purcell, Okla., Aug. 25.—While 3,000 men, women and children stood by shouting their approval Peter Carter, a negro, who had previously been charged by three members of his own race and identified as the man who attacked Mrs. Minnie Spraggins, wife of a farmer, was burned to death on a brush pile in the main street of Purcell.

Deputy Sheriff Haynes and Under Sheriff Farris, who attempted to rescue the negro from the crowd, were overpowered and locked in the court house.

Mrs. Spraggins was assaulted while alone in her home one mile south of Purcell. After the deed the negro set fire to the Spraggins home.

## DEMOCRATS ORGANIZE CLUB

Progressive Organization to Promote  
"Art of Self-Government."

Washington, Aug. 25.—The Federation of Democratic Precinct Clubs of the United States of America, the outcome of a movement for so called progressive democratic national policies, filed articles of incorporation here with Senators Owen of Oklahoma and Chamberlain of Oregon and others as incorporators.

The articles described the federation as perpetual and the object as the "promotion of the art of self-government."

## Tombstone's Fall Fatal to Child.

Des Moines, Aug. 25.—Margaret McAdams, the little granddaughter of the sexton of Woodland cemetery, died from injuries received when a tombstone around which she was playing toppled over and badly crushed her.

## Twenty-three Persons Killed.

Posen, Prussia, Aug. 25.—A newspaper here prints a report that twenty-three persons were crushed and fifty-nine injured by the falling of a church at Venlew, near Wengrowitz, during a service.

## Accused of Triple Murder.

Booneville, Ind., Aug. 25.—Richard Lee, Mrs. Lee and their seventeen-year-old son, Clarence, were killed in their beds with a hammer and the house set on fire here. William Lee, twenty-one years old, a son of the dead man, is under arrest charged with the triple murder. Robbers are supposed to have been the motive for the crime.

## WILL RETIRE IF HE IS DEFEATED

## TIE UP HARRIMAN ROAD.

Heads of Great Labor Unions to Con-  
sider Strike Monday.

Kansas City, Aug. 25.—A conference between the international presidents of five great labor organizations to consider the question of a railroad strike, which may involve railroad employees throughout the Harriman system, is to be held in the city next Monday, according to M. F. Ryan, international president of the Brotherhood of Railway Carmen, whose office is here.

"It looks like a big strike unless the management of the Harriman system consents to confer with the union leaders," Mr. Ryan said. "Several months ago five labor organizations decided to cease dealing with the railroads separately and banded together. They asked the railroads to treat with them as a unit. Many roads consented, but the Harriman lines refused."

Mr. Ryan said the labor organizations in question are the carmen, blacksmiths, boiler-makers, sheet metal workers and machinists.

## TEN LIVES PROBABLY LOST

Sinking Barge Believed to Have  
Dragged Down Tug.

Byng Inlet, Ont., Aug. 25.—By the sinking of the barge Albatross of Midland in a storm in Georgian bay it is believed the tug C. C. Martin was dragged down and Captain Vent of Midland, his wife and eight men were drowned.

As soon as the survivors of the Albatross reported their battle with the storm searching parties went out for trace of the Martin. They returned without success.

## Boy Killed in Collision.

St. Paul, Aug. 25.—Stealing a ride on an auto truck resulted fatally to Edward Stiepan, ten-year-old son of Joseph Stiepan, when the truck was struck by a street car, which crushed the boy between the two. The lad's abdomen was crushed and his left hip fractured.

Premier Laurier Startles Audience  
at St. Jerome, Que.

## ATTACKS THE NATIONALISTS

Sir Wilfrid Repudiates Statements  
That Service in Navy Would Be Obligatory and That the Marine Bill Was Just Another Chance to Gain Him More Honors From England. Liberals Becoming More Confident.

St. Jerome, Que., Aug. 25.—During a speech here at the conclusion of a vehement attack on the Nationalists, in which he repudiated the statements that service in the navy would be just another chance to gain him more honors from England, Sir Wilfrid Laurier startled his audience by announcing that if defeated in the coming elections he would retire at once and forever from public life and would not lead the opposition in the next parliament.

"Rest to me is very sweet just now," said the premier, "and if defeated not a word of reproach will pass my lips."

It was Sir Wilfrid's reply to the statements circulated by the Nationalists that led up to his announcement. After characterizing the story of compulsory naval service as a baseless lie he referred to the charge that he sought imperial honors.

"No king," he said, "can give me the honor that I most prize, the love and respect of my countrymen."

## LIBERALS MORE CONFIDENT

Big Crowds Greet Premier Laurier  
in His Native Province.

Montreal, Aug. 25.—Now that Sir Wilfrid Laurier has addressed a half dozen meetings in his native province of Quebec, which has given him his working majority in every parliament since that of 1896, there is a distinct revival of confidence in the Liberal ranks over the outcome of reciprocity. Everywhere the crowds that greeted the premier have been large, the applause has been generous and on each occasion Sir Wilfrid has demonstrated anew he is still the idol of the French Canadians.

That the danger of Laurier's prestige was great is admitted by his followers. In 1908 Henri Bourassa, another victorious French Canadian, while not distinctly friendly to Sir Wilfrid, was not openly antagonistic. In the present campaign Bourassa has attacked Laurier and the Liberal party vigorously.

## BORDEN ENDS ONTARIO TOUR

All Else Forgotten in Heat of the Battle There.

Toronto, Aug. 25.—With the election which will decide the fate of the reciprocity agreement still more than three weeks off the fight in this great industrial and agricultural province of Canada has reached a point where practically everything else has been neglected in the heat of the political battle.

R. L. Borden, leader of the opposition, has completed his Ontario tour, having delivered more than thirty speeches in constituencies considered doubtful, and will devote the balance of his time to Quebec and the maritime provinces, where his own seat at Halifax is thought to be in danger.

Premier Laurier will return to

Members of the church and congregation of the First Congregational church are requested to bear in mind the special church meeting, which, at the services on the last Sunday in July, was announced for Friday evening, September 1st at 8 o'clock at the church. Two amendments to the by-laws and other important matters are to be considered at the meeting and it is hoped that there will be a good attendance.

Brainerd people on Wednesday evening had an opportunity to witness one of the most brilliant displays of northern lights ever seen in this section of the country. It was an aurora borealis of the first order. The electrical display was first noticed after ten o'clock and assumed its brilliancy about 11 o'clock. The lights quivered and shifted and showed various colors. No particular significance attaches to the display although some regard it as a sign of approaching cold weather.

### JOHN T. FRATER RESIGNS

Popular Superintendent of the Leech Lake Chippewas, Will Leave Walker Soon

The Walker Pilot says: Supt. John T. Frater of the Leech Lake Cass Lake and Bena Indian tribes has tendered his resignation to the department of Indian affairs at Washington, asking that the same take effect as soon as his successor can be appointed.

This is disappointing news, not only to his many friends here, but to the Indians as well, who have found him to be a wise counselor and friend.

It is Mr. Frater's intention to go west where he has land interests and he will probably settle down on the Pacific coast country in the near future. As the office of Indian superintendent comes under the civil service rules, it will probably be several weeks before Mr. Frater's is relieved.

## DECIDE ON A PART OF ROAD

The Good Roads Committee at Its Meeting Arees on Part of the Duluth-Moorhead Road

### FROM MOORHEAD TO BRAINERD

Carlton, Crow Wing and Aitkin to Try to Come to Some Agreement About the Balance

The good roads committee meeting of the Northern Minnesota Development association proved a most enthusiastic gathering. Delegates numbering 75 were present. Charles M. King, chairman of the good roads committee, presided. J. S. Pardee, of Duluth, was the secretary. Mr. Pardee, by the way, writes these stirring articles in the Duluth News-Tribune signed "The Bear's Cub." The other member of the committee present was Chris Burns, of Cass Lake.

Cass county was represented by a letter from the Moorhead Commercial club in which they assured their hearty co-operation in this matter of a highway from Moorhead to Duluth. Becker county was represented by Casper Wackman, and O. E. Morse, of Detroit; Wm. Baer, of Frazee. Otter Tail county had no one at the meeting. Wadena had Messrs. Harrison and Mr. Lyons, of Verndale, the latter a member of the board of county commissioners. Chris Burns of Cass Lake, and J. S. Scribner, of Walker, represented Cass county.

Aitkin had a large delegation including its entire board of county commissioners, Messrs. L. E. Turner, E. A. Hanson, Marcus Nelson, G. J. Loegening, Theodore Arens; County Attorney Louis Halum; Messrs. J. B. Galerneault, T. R. Foley, A. L. Hamilton, editor Aitkin Republican, and Col. Warren Potter, members of the Aitkin Commercial club.

From Todd county there were present E. H. Thiel, Joseph Wolf, Eugene Daniels and W. J. Lewis, of Staples. Carlton county had one man, a hustling delegate, C. F. Mahne.

There were also present F. J. McPartlin, of International Falls; F. A. Tanzer, T. G. Butler, John Leslie, A. R. Holman and F. G. Schrader, of Pequot.

Crow Wing county was represented by County Attorney W. A. Fleming, C. A. Kreech, M. T. Dunn, Mayor H. P. Dunn, Dr. J. L. Camp, R. R. Wise, H. F. Michael, Dr. R. A. Beise, J. H. Koop, Henry I. Cohen, J. M. Elder, John Kregelberg, Louis Knudsen, Col. C. D. Johnson, J. K. Pearce, L. E. Garrison, Fred Farrar, and others.

It seemed clear sailing with the Moorhead-Duluth road from Moorhead until Brainerd was encountered and then a variety of plans was presented for continuing it through Crow Wing to connect with Aitkin county to the north. One party wished to have it run from Brainerd direct to Ironton, where the first mining activity on the north range of 'ayuna iron range is apparent. Another wished the road to run by way of the south Loerch and Deerwood road and continuing to the Crow Wing county line paralleling the northern Pacific railway. Another wished the road to skirt the west shore of Mille Lacs lake.

In order to put itself on record as a part of the road the delegates voted in favor of constructing the road from Moorhead to Detroit, Frazee, Perham, Wadena, Staples, Moty and thence to Brainerd, this line ractically paralleling the Northern Pacific railway. So far there was unity but when it came to making up the last leg of the route from Brainerd to Duluth there was such a diver-

sity of opinion that nothing definite was accomplished.

A motion carried that when the Brainerd meeting adjourn, it adjourn to meet at Aitkin at the call of the chair and so the next meeting of the committee will be held in Aitkin. In the meantime Aitkin, Crow Wing and Carlton counties will have to get together.

Another important motion adopted was that the Moorhead-Duluth road be built under one judicial proceeding.

What caused some friction in debate regarding the road through Crow Wing county was the fact that many of the proposed roads would virtually parallel state roads on which the county has already spent over \$7,000.

Cass county, it developed, has gone ahead and commenced the construction of a road through its county without regard to what the good roads committee figured on and so a motion was made and carried that the county commissioners of Crow Wing county be instructed to see about making connection with this Cass county road by a thoroughfare which traversed a region near Gull lake, Nisswa and Jenkins.

A telegram was read from Secretary of the Association W. R. MacKenzie in which he stated that it was impossible for him to attend the meeting and asking them all to boost the cause of good roads and not to forget the meeting at St. Cloud in December.

In speaking of the stretch of Duluth-Moorhead road agreed upon, Chairman King said: "I do not wish the impression to get about that we are spending million of dollars. We do not want the southern part of the state to get that idea. What we have done so far with this road is to bring part of roads largely completed together at an expenditure which will not prove a great burden to the state."

By motion it was agreed that the International Falls road should terminate at Douglas Lodge in the Itasca State park and that in the selection of its route it should follow very largely the route of the Minnesota & International railway. General Manager W. H. Gemmell, of that railway, had assured F. J. McPartlin that profiles of the country were at his disposal and that anything the railway could do to help the road committee would be done.

Committees on correspondence were then appointed by the chair so that the secretary, Mr. Pardee, could keep in touch with the various counties. These are C. E. Morris, of Detroit; secretary Commercial club of Moorhead; Amos Markella, of Perham; H. J. Maxfield, of Wadena; E. E. Daniels, of Staples; Chris Burns, of Cass Lake; C. A. Albright, of Brainerd; Col. Warren Potter, of Aitkin; J. H. O. Neil, of Park Rapids.

After having been in session from three in the afternoon to 11 at night the committee then adjourned. It is wonderful what a topic for discussion the question of good roads is and this gathering, more than anything else, is crystallizing sentiment on this problem which overshadows in importance any other vital interest of the state of Minnesota. Good trunk roads, properly located and built more than anything else, will unify north and south Minnesota.

More people, men and women, are suffering from kidney and bladder trouble than ever before, and each year more of them turn for quick relief and permanent benefit to Foley's Kidney Remedy, which has proven itself to be one of the most effective remedies for kidney and bladder ailments, that medical science has devised. For sale by all druggists.

## ANOTHER DRILL IN CITY LIMITS

Gaylord & Guith Plant Drill For Baker Mining Co., on the Baker Farm in This City

### AT END SOUTH SIXTH STREET

Drill is Located Across Creek in Line With Exploration Work on The Rosko Farm

In addition to the three drills of the Duluth Diamond Drilling Co., operating for the Martin Exploration Co. in South and Southeast Brainerd comes the news of the setting up of a drill by the Baker Mining Co., of this city, on the farm of H. H. Baker, at the foot of South Sixth street.

Gaylord & Guith, of Crosby, have been engaged to do the drilling and commenced drilling through the surface yesterday. This firm of drillers has opened up a lot of new territory in different parts of the Cuyuna range.

On the site of what was the original Crow Wing county fair grounds may now be seen the tripod, boiler and machinery of a modern diamond drill outfit and old timers would be surprised to see the change which the mineral development of this county is bringing about.

Associated with Mr. Baker in this venture are E. E. McDonald, of Bemidji and C. H. Mills, of this city, who have formed the mining corporation known as the Baker Mining Co.

### Mr. Ryan Answers Tax Payer

Editor Dispatch:—

Answering the first inquiry of "Tax Payer" in your last evening's edition as to why the council ordered a pay roll paid from the current expense fund after my ruling it should be paid for by the abutting property, I can only say, I do not know, and refer "Tax Payer" to the members of the council voting "yes" to the motion of Alderman Henning that the same be so paid.

Answering his second inquiry, I have to say that section 162 of our charter provides as follows: "No claim against the city or any department thereof, for more than one hundred dollars (\$100.00) shall be paid until ten days after its allowance; within said ten days the city attorney may, and upon demand of ten resident taxpayers, he shall, take an appeal to the district court from the act of the councilor board allowing such claims, etc."

The bill allowed amounted to but \$53.10, and under the charter provision above quoted, I had no right of appeal. To relieve the strain on Mr. Tax Payer I will say further that if the council ever allows a bill or claim from which I have the right of appeal, I will pitch as nice a no hit game as he ever saw, and without any "demand of ten resident taxpayers."

M. E. RYAN,  
City Attorney.

## TRIMBLE, NEW G. A. R. CHIEF

Special to Dispatch:—

Rochester, N. Y., August 25, 1911.

—Judge Harvey Trimble, of Illinois, was unanimously elected commander in chief of the Grand Army of the Republic at noon today, when Col. John McElroy, of Washington, his opponent, ended the bitter contest by withdrawing from the race. On motion, Col. McElroy, adjutant general cast the vote for Judge Trimble.

## ATWOOD ENDS GREAT FLIGHT

Nyack, N. Y., August 25, 1911.

—Atwood started for New York at 1:53. At 2:17 he passed over Yonkers and at 2:18 he crossed the city line. Atwood sailed over the Singer building at 2:33.

### Will Observe Holiday

The banks of Brainerd will observe a half holiday on Tuesday, August 29th, the date of the Merchants and Clerks picnic at Merrifield, being open for business only from 9 A. M. to 1 P. M.

### IMPORTANT MEETING

Electric Light and Street Committees Meet Tonight at city Hall To Place 30 Arc Lights

A meeting of great importance is the one called for this evening at the city hall when the electric light and street committees, being practically the whole council, will have a session and decide where the 30 arc lights, recently ordered, are to be placed.

It is necessary to have an agreement on the question so that the lights can be properly placed with a fair show for every ward in the city.

### SOCIAL EVENTS

Mrs. R. J. Tinkelpaugh entertained yesterday afternoon in honor of Miss Rose Poppenberg. The rooms were prettily decorated in green and white. Sixteen ladies were present and they presented Miss Poppenberg with a set of sterling silver spoons. Dainty refreshments were served by the hostess.

### PLAY CROSBY SUNDAY

Wadena Cancelled Its Game at the Last Moment—Crosby has been Substituted

Wadena cancelled its game with Brainerd and at the last moment a game was arranged with Crosby and this nine will come to Brainerd on Sunday, August 27 and an afternoon game will be played commencing at 3 P. M. sharp at the Koering grounds. Crosby has been clamoring for a game with the locals all season and they will now be given a chance to show what they can do. The Crosby team has a good record and the town is willing to back its team to the limit.

As six millionaires now reside in and near Crosby it may be possible that these gentlemen may get the team strengthened in places and thus give Brainerd the greatest surprise it ever ran across. A large crowd is anticipated from Crosby to see the game.

### CLAIM THE GAME

Little Falls Transcript Concedes First Game to Brainerd But Second Forfeited to Little Falls

The Little Falls Transcript is filled with a column article on the last game and therein Little Falls claims the game was forfeited by Brainerd with the score 9 to 0 in favor of Little Falls.

It gives Umpire Pete Newman's version of the game and says Capt. Templeton didn't agree with the umpire's decision on the third base steal of Kingen.

"The game Wednesday, up to the 10th inning, was the snappiest played in the state this year."

## JUDGE McCLENAHAN MAY TRY DUMAS

Case May be Taken From Beltrami to Crow Wing County on Change of Venue

E. E. McDONALD MAY ASSIST

Attorney McDonald, Interested in Baker Mining Co., May Be Appointed to Aid Prosecution

Not only baseball and iron drilling in this city will contribute to keep Brainerd in the lime light, but there is also a possibility now of the Dumas case being shifted on a change of venue to Brainerd and if this is done, Judge W. S. McClenahan will try the case.

The cases of Dr. Dumas and Billy Behan will come before the grand jury at Bemidji which meets September 12. Attorney General Simpson, who was at Bemidji on Wednesday, stated that he would recommend to the court the appointment of E. E. McDonald, of Bemidji, as special assistant county attorney to aid in the prosecution. The state will also be represented by Thayer C. Bailey, of Bemidji, both the local men to work with Assistant Attorney General James.

Attorney McDonald may almost be considered a Brainerd resident as he spends much of his time in this city. He is associated with Messrs. H. H. Baker and C. H. Mills in the Baker Mining Co.

### ICE CREAM SOCIAL

Program to be Given at Scandia Hall, Saturday Evening by the I. O. G. T.

An ice cream social with program will be given at Scandia hall on Saturday evening, 8:15 P. M. sharp. Games will be played after the refreshments. The program includes the following:

1. Song by Mrs. Thompson.
2. Song by Miss Mabel Johnson.
3. Recitation by Mrs. Thayer.
4. Song by J. Gussie Small.
5. Address by Rev. Chas. Fox Davis.
6. Song by J. Gussie Small.
7. Song by Rev. Charles Fox Davis.

All are welcome and only a moderate admission fee will be charged.

### Peterson-Albertson

Robert Peterson and Miss Mattie Albertson were married last evening at the home of the groom on South Sixth street, the Rev. M. L. Hostager, pastor of the Sixth street Norwegian Lutheran church officiating.

The bride was handsomely attired in a white gown and was attended by her sister, Miss Ella Albertson. The best man was Peter Peterson, a brother of the groom. After the ceremony the couple went to the home of her parents, Mr. and Mrs. Chris Albertson, of Long Lake, where a bountiful supper was served to the many guests present. The bride is a charming young lady and known to a large circle of friends. The groom was formerly an employe of the Baker meat market and is now employed by the McCulloch market. He is a popular, enterprising, young man. Their many friends wish them much joy and prosperity in their wedded life.

### PRACTICE GAME

Business Men's Team to Have a Try  
Out at the Keoring Grounds  
This Evening

The business men's team will have a try out at the Keoring grounds this evening in order to see how much baseball is remembered by the candidates for positions on this nine which will play at Merrifield. The umpires are also requested to come down and tell what they know about the rules. Like the recent Standard Oil decision of the United States supreme court interpreting the Sherman trust law and applying the rule of "reasonable restraint," these decisions of the umpires must accordingly be tempered with some sense and no runner must be allowed as much latitude as was given Pete Newman's brother in the tenth inning of the recent spasm between Brainerd and Little Falls. T. H. Considine and Ed. Levant have both signed an agreement that this kind of stuff won't go, either by mail, long distance or special delivery.

All the business houses have agreed to make Tuesday, August 29, a great holiday. The fare for the round trip is the small sum of fifty cents, only a half a dollar. How else can you spend five dimes quicker than by handing them to Sam Engbreton in his ticket office in the Northern Pacific railway depot? Don't miss the picnic and the excursion, for every one is invited.

Mr. Clelland and Mr. Gemmell have kindly consented to run specials and one will leave Brainerd at 8 and the other at 9:30 in the morning. They will return at 5 and 9 P.

Mr. Clelland, when speaking about special trains the other day, said that Brainerd was getting the special train fever and that he never saw a town ask for so many coaches.

### Loss of Time Means Loss of Pay

Kidney trouble and the ills it breeds means lost time and lost pay to many a working man. M. Balent, 1214 Little Panna St., Streator, Ill., was so bad from kidney and bladder trouble that he could not work, but he says: "I took Foley's Kidney Pills for only a short time and got entirely well and was soon able to go back to work, and am feeling well and healthier than before." Foley Kidney Pills are tonic in action, quick in results—a good friend to the working man or woman who suffers from kidney ills. For sale by all druggists. mwf

### PARK, GRANT & MORRIS

FARGO, N. D.

Fargo, F. D., April 12, 1911.

Prof. R. B. Millard,  
Little Falls, Minn.

My dear Mr. Millard:

When I enrolled in your school in 1907 I did not realize that a course in the L. F. B. C. would enable me to earn a salary of \$100.00 per month and few boys and girls do know the value and importance of a good business training. I heartily endorse your course of study and methods of teaching and assure you that I am always glad to "boost" for the "THE SCHOOL FOR YOU."

Very cordially yours,

ANNA G. MERRILL.
